

Stool

BCN nasce dall'esplorazione di tecnologie e materiali insoliti nel settore dell'arredamento. La forma sinuosa del sedile si deve all'uso della plastica PBT, robusta e flessibile, al punto giusto.

BCN is the result of exploring unusual technologies and materials in the furniture industry. The seat acquires its sinuous shape from using sturdy and flexible PBT plastic, to the right extent.

BCN entstand aus der Erkundung von für die Einrichtungsbranche ungewöhnlichen Technologien und Materialien. Die Kurvenform der Sitzfläche ist der Verwendung von PBT- Kunststoff zu verdanken, der an der richtigen Stelle robust und flexibel ist.

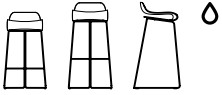

Le modèle BCN est issu de l'exploration de technologies et de matériaux insolites dans le secteur du meuble. La forme sinieuse de l'assise a été possible grâce à l'utilisation du plastique PBT, robuste et flexible juste ce qu'il faut.
