

BONALDO

Canvas Table

Designer: **Alain Gilles**

Designed by Alain Gilles, the Canvas Table stands out for its bold personality, sober lines and surprising proportions. The barrel-shaped top features generous curves and a minimal, linear design, which gives an overall sensation of continuity and fluidity. The top blends harmoniously with the base, just like a freshly painted work of art on steel easels. The architecture of the base, rigorous and at the same time

unexpected, sees all the metal elements converge and connect to form a solid but never bulky structure. The result is a table with distinctive harmony that transmits a sensation of lightness, through a design that aims to challenge conventions and transform the perception of the visual weight of this piece of furniture.
